Part Description: 4GB DDR3-1333 SODIMM 1.5V for OEM Client Systems

Type of Change: End of Life (Discontinued)

Reason for Change: To reduce the number client (desktop / notebook) system-specific part numbers for supported OEM systems, Kingston has consolidated part numbers of identical builds to a common part number. This strategy reduced redundant channel inventory and lowered costs for Kingston and our distribution partners. All warranties/guarantees remain the same.

Replacement Part: KCP313SS8/4
