

# Product Change Notice

**PCN:** PCN\_SEDC500R\_C3

**Date:** 6/16/23

17600 Newhope Street  
Fountain Valley, CA 92708  
USA

---

**Type of Change:** DRAM & firmware change

---

**Reason for Change:** DRAM component availability and firmware update

---

**Description of Change(s):**

To maintain consistent product continuity, a pre-qualified second source of DRAM was utilized within the DC500R 480G/960G/1920G BOMs starting in Sep'22. Initially, those BOMs shipped with SCEKJ2.7 firmware and did not require a firmware upgrade to SCEKJ2.8 that previous BOMs required. However, to ensure a more uniform firmware revision throughout the product line, effective Jun'23, firmware revision SCEKJ2.8 has been qualified and will be phased in for the models noted below. The new DRAM and firmware changes do not affect any of the specifications, form, fit and function of the DC500R SSDs.

---

**Product(s) Affected:**

SEDC500R/480G  
SEDC500R/960G  
SEDC500R/1920G

SEDC500R/480GBK  
SEDC500R/960GBK  
SEDC500R/1920GBK

---

**Transition/Replacement Product:**

Running change effective Jun'23 for new builds, no change to part/model number(s).
