To the extent that the Customer is an entity purchasing Imation Products and Software for use by End-Users employed by such Customer, these Terms of Use grant to such Customer a non-exclusive, non-transferable right and license to reproduce for and deliver to each End-User within such Customer's employ who received an Imation Product, one copy of the Software to enable each such End-User to operate the Imation Product for its intended use. The foregoing licenses may not be transferred nor assigned. Except as expressly set forth herein with respect to Customers which are entities, no End-User nor any Customer may reproduce, distribute or modify, translate, adapt, arrange, or create derivative works based on the Software. Any rights not granted herein are specifically retained by Imation.

1.3 Equipment. You acknowledge that in addition to your purchase of the Imation Product and Software, you are responsible for and must provide all computer hardware, Internet connection, telephone and other equipment, and operating system software necessary to access and use the Imation Products and Software.

The passwords and prompts can be changed at a later time by following the instructions on the Imation website. In order to activate the Imation Product, you may need to provide a valid email address (your "Personal Information"), which can be used to identify you, contact you regarding your account, and for additional authentication. However, these security measures still require your responsible behavior in protecting your Security Data. YOU SHALL ASSUME THE ENTIRE RESPONSIBILITY AT ALL TIMES FOR THE SUPERVISION, MANAGEMENT, CONTROL AND CONFIDENTIALITY OF YOUR SECURITY DATA AND ASSUME THE ENTIRE RISK FOR THE FRAUDULENT OR UNAUTHORIZED USE OF YOUR SECURITY DATA. If Imentation terminates or suspends any feature or service, for reasons other than those listed in the prior sentence, Imentation will either reimburse a pro-rata share of the fees paid, as determined by Imentation in its sole discretion, for such feature or service, or substitute such feature or service with a substantially similar feature or service.

2.2 Survival. All applicable provisions of this Agreement shall survive termination, including, without limitation, provisions related to intellectual property, warranty disclaimers, limitations of liability, indemnification, and the miscellaneous provisions.

3. WARRANTY, DISCLAIMER OF WARRANTY

3.1 LIMITED DEVICE WARRANTY. Imentation warrants that the Imentation Product meets all the published hardware specifications and is free of any material defects in materials or workmanship that would prevent the Imentation Product from performing to the published hardware specifications for one (1) year from the date of purchase.

If any Imentation Product fails to so conform, or proves to have any such defects during such one year period, Imentation, at its option, will provide you a new or refurbished Imentation Product at no charge to you. The foregoing warranty (i) applies only to the original user with proof of purchase, (ii) will not apply to Imentation Products that have been damaged as a result of negligent handling, modification, disassembly or misuse, and (iii) will not apply to Imentation Products that have self-destructed due to too many failed password attempts, as this represents proper functionality of the Imentation Product.

Imentation's products are not warranted to operate without failure. Imentation products should only be incorporated in systems designed with appropriate redundancy, fault tolerance or back-up features.

Imation reserves the right, at its own expense, to assume the exclusive defense and control of any matter otherwise subject to indemnification by you, in which event you will cooperate with Imation in asserting any available defenses. You will not settle any action or claims on behalf of Imation without the prior written consent of Imation. This indemnification is provided without regard to whether Imation's claim for indemnification is due to the use of the Imation Product or Software by you or your authorized representative.

6. GENERAL PROVISIONS

6.1 Modifications. Except as otherwise required by law, rule, or regulation, Imation may change the terms of these Terms of Use from time to time and at any time. Nothing in this clause shall preclude parties from seeking provisional remedies in aid of arbitration from a court of appropriate jurisdiction. The decision and/or award rendered by the arbitrator shall be written, final and non-appealable and may be entered in any court of competent jurisdiction. The parties agree that, any provision of applicable law notwithstanding, they

will not request, and the arbitrator shall have no authority to award, punitive or exemplary damages against any party. The costs of any arbitration, including administrative fees and fees of the arbitrator, shall be shared equally by the parties. Each party shall bear the cost of its own attorneys' fees and expert fees.
